Oi you! Here is the latest number from our zine. This is a really short one, no interviews and not so many things, i just did a few promos and that's it. I was really busy and must say i miss the concerts, but let's hope for the best for a better 2022.

I know it will be a better one, and i hope for the best for everybody. Just stay simple and stay close to your friends and family, this is the best that you can do. Hope also for a nice and simple Christmas, try not to spend a lot, and to remember that small things can make a huge difference, just try to donate some clothing to persons in need, and please please do not buy a puppy and give as a present, try to adopt one. Be nice to eachother and thanks for a nice 2021.

This zine is a free pdf for everybody but if you enjoy it and you want to buy me a coffee here is the address: paypal.me/cojocearo. Have a good time and hopefully we will read eachother soon.

Is not about profit, is not for sale and it will never be. Is just a hobby for me, is not my full time "writer/ musician/critic" job. Is not in a perfect english :)

Here is some FAT News, Teenage Bottlerocket and their new album Sick Sesh, a brand new 12 tracks in their own style, with a punk rock full of energy and fast as hell. I must say that they are getting fit pretty well in the FAT family with their sound and I am a fan of the punk rock made 100% with love and passion, the way should be. So yes...it is punk, it is fun and you should give them a try. More than 20 years in the scene and still kick it nice.

IL FUOCO NON SI È SPENTO

Bull Brigade are back with their new album, the 3rd one in their career. *Fuoco Non Si È Spento* or *Flame Still Burns* is a 9 tracks album with a modern street punk vibe released by Demons Run Amok and is out since October this year. The album brings people like Roddy Moreno from The Oppressed or Fabio Arsenico. The band was formed in 2006 from two icons of street punk from Torino: Banda Del Rione and Youngang. The album is with a clear antifascist message and both political and personal lyrics and of course football. Melodic street punk made with love.

XXX THE NUMBER OF THE BEAT LOS FASTIDIOS

Los Fastidios are back on business with their new album: XXX Number Of The Beat. This is their 11th studio album and has 14 new tracks in the same Los Fastidios mix: punk, ska and rock'n'roll. The album was released by their own label: KOB Records, in collaboration with Potential Hardcore and Fire and Flames. They sung in Italian, English and French on this album, pure anthems of the street for your soul. Lyrics talk about having a beer with your friends and having fun up to social issues like racism or brutality to animal and human rights. 2tone, ska rocksteady sounds packed in attitude. The band is on the road since 1991 and this year they celebrate their 30th anniversary. Also the album has some special guests like: Andrea Massaroni from The Magnetics, and The Urganauts and Lennon Kelly on backing vocals.

The album has 14 songs in both English and Japanese. Also the band along the years they have collaborated with a lot of bands, but this album has a lot of invites like: Moral Distraída a really cool band from Chile, Hakushi Hasegawa or Yoohei Kawakami. SKARFACE

1991-2021

30 years non-stop of Chaotic-Clockwork-Ska

LARS FREDERIKSEN

Skarface presents their new compilation of their best songs in their 30 years of skanking. The band formed in the suburbs of Paris in 1991 and their style is a 3rd wave ska with more traditional sound packed in a punk and Oi! attitude. Let's remember of bands like Scrapy, Mr. Review, Skas, No Respect or Mark Foggo, well the songs are just perfect for a skanking party so check it out. Another cool fact that the band released a CD almost every year of their history and had more than 2000 concerts all over the world. Oh yes the album will be at Sunny Bastards Records.

Lars Frederiksen, the Rancid frontman and of course the heart of Lars Frederiksen and the Bastards presents his first solo album: To Victory. This album has 6 songs, one of them God and Guns has a video already and Lars wrote it some years ago for his sons: Wolfgang and Søren. This album has covered songs that Lars did for his other projects like: Frederiksen and the Bastards and The Old Firm Casuals and two covers after UK Subs Tomorrow's Girls and Kiss Comin' Home. Also another video was released for Skunx (an old song that he did with the Bastards).
